

PLANNING TO STUDY ABROAD?

UNIVERSITIES - section shows the students their matched universities and helps them find relevant information through university's profile. Every university shows a profile match based on the information entered by the students.

GUIDANCE - section guides students through all the decision points towards a successful admission and beyond.

HOME - section shows updates from the universities. Students can keep updated on the latest updates from the universities of their choice.

CONNEXIO'S APP FOR STUDENTS

PROFILE - The students can add and update their profile information to find relevant matches. The profile allows the universities to find students that are best matches with them.

REACH OUT - Students can use this section to reach out to Connexio's team with any questions, concerns or comments. This features allows the student to get specific on-demand guidance.
