

# Campus Drive Proposal from UPL Limited Advisory Division- Unimart & AFS

Unimart and AFS has objectives to transform the life of Indian farmers, by increasing the per acre production by best farm advisory and solutions to reduce per acreage cost. Adarsh Farm Services is the way out for the farmer to get almost all the critical field operations done in a service hiring mode which is the first of its kind in India. This help the farmers come out of their dependence on labours to a large extent.

The business is in scale hence inviting talent of your prestigious institutes to contribute the value of their roles offered and explore the growth opportunities with us.

Please find attached JD and further information's for reference to finalize the calendar. **The candidates shall undergo a small technical assessment and personal interactions.**

Shortlisted candidates shall be offered to join us in the field to add values in the objectives of business.
